FEBRUARY 12 SUNDAY Reached Delhi at 7.20 P.M. 1961

Spent the whole morning talking with P. D. Kulkarni of the Planning Commission. He was returning from Bombay to Delhi.

Read "Foreword" to a book published by Shri Krishna murty Vaidik of Gokak. It is written on the working of Co-operative Stores in other words K. H. I. There are a number of exaggerations in the book I would like to discuss with him when I see him next at Ghatprabha. One thing that struck me most was of a character which compared exactly with character of Padmakar Nargund. If this is correct, then how did he get all the information he has used in the books. To me even that seemed to be beyond reality. But who knows!

Our mail arrived at the right of time at 7.23 A.M. Within a minute of our boarding the Deccan our train moved out of the station. We had to run and catch the Deccan

Krishna + Narmada, Dhanukarman, Kashinath
Also Nimbkar came to the station. Padmavati too.
Indu Shenade, Indu Hardikar, Malati, Mani Mahajan and her family members also had come home
Yamu and Shamalatai returned from their trip of Ajanta and Ellora. They returned this a.m only.

Had asked Altekar and Rajadhyaksha to come to Kashinath's at four o'clock. They had come. We talked about the Production Centre at Phaltan and about the difficulties that were being faced by the Teachers training college people. I told them that they should go to Phaltan and more a little in the area which would benefit by the Production Centre when we start it. I have also promised them my services in their work

G.R. Kadapa came this morning and had a talk with me about the work he had done for the Tourist department in and around Gokak Falls. He showed me the correspondence that had taken place between his department and the Home department of the Govt. of Mysore regarding developing Gokak Falls area as a Tourist-Centre. Md. Basavalingappa, the Dy. Home minister had assured Kadappa of helping him and not doing anything. I then read that letter to Kadappa on phone. Naik then heard from me the remarks made by them & he came to me and showed the entire letter and explained to me the background of the talks I was carrying on. I promised him to speak to the Mysore Ministers about them.

In order to get rid of the abdominal pain I decided not to take my lunch and made up my mind to lie down for an hour or so. I slept for about two hours. The pain had disappeared. In the afternoon I attended the Closing function of the Camp which was inaugurated on the 17th of this month by Shri Kannamwar, the Dy. Leader of the Maharashtra Congress Party. Dr. Khirkar, the president of the M.P.C.C. was presiding. Shri Madhukarrao Chaudhari, the Dy. Minister, was present. Both of them spoke after Inamdar and myself. - We left Dharangaon in the evening and caught our train to Bombay at Jalgaon. After supper we spent two hours at Kamal Prasanna Dasgupta's residence.

FEBRUARY 22 WEDNESDAY 1961

Reached Bombay at 8.10 A.M by the Nagpur Express. We came here today to see and study the work that is being done by the Seva Dal and the Congress Organisation for the coming Rally. For this purpose we have called a meeting of Seva Dal officers of Bombay. We had a talk with P. Jadhav Patil, the G.O.C and understood the work he had done so far. Personally, I am not satisfied with the work done by the G.O.C. of Bombay so far. His work is very slow. She will have to be guided and given the necessary help and assistance. Otherwise, I think, she will not be able to do much and will fail in making the Rally a success. I have told Inamdar about this opinion of mine.

Heard about the death of Shri Govind Vallabha Pant after we reached here.

Had been to पुष्कर and saw ब्रह्मदेव image the only one of its kind in India. It is a beautiful temple built on a high level. Marble is used all over. There is a Venkatesh Swami temple in पुष्कर which is 7 miles away from Ajmere proper. This temple is called श्रीरंग temple, but the main image inside is of श्री वेंकटेश्वर - that of तिरुपति. Regular पूजा, अर्चा goes on in the temple in the same manner as that of तिरुपति or any other temple in the South.

Told Nandan that Seva Dal organisation is not making any progress in the country because of the lack of intelligent workers who are in charge of various Pradesh Congress Committees. They have no vision nor imagination nor initiative in them. All Q.J.s & P.

Reached Bayanna at noon in Car
Left Bayana for Sawai Madhopur at abou
3.0 P.M. by Jeep and reached at about 10.15 P.
The Programme of arrival here was upset due to changes and also due to the lack of efficiency of the Pradesh (Rajasthan) Organiser of Sewadal The more I saw the work of this Officer, the more I felt that he was most inefficient and was most incapable person. What I had told Inamdar two days ago about the inefficiency of our top most workers in provinces was proved by the Rajasthan Organiser.
Here came Shri Raj Bahadur, the State minister of Tourism to greet me. Bharatpur is his home He had promised to come. He came to Bayanna and he stayed with us till our train left for Sawai madhopur. He had organised something like a procession in the town of Bayana and also a meeting. He himself had taken part in the procession and the meeting. Here in Bayana was one Sugan Goel - a very devoted worker of the Dal; for the work he did in Bayana he had received State prize from the Dr. Tandiker Judi Trust. I saw the worker and heard his heroic stories. I liked the man and said to Inamdar to encourage him.

MARCH 10 FRIDAY 961

Stayed in the Rest House of the Jaipur Udyog the Cement Factory which is supposed to be the biggest in Asia today. They are producing 2400 tons of cement every day. That is about 48000 (forty eight thousand) bags of cement every day. We saw the huge Factory.

We went to see the old fort where Rana Hamir fought and killed himself. The name of the fort रणथंभोर The fort is built over a hill which is surrounded by hills and which is not even visible from far. Not only hills surround it but also Valleys. It is not easily detectible nor accessible. In such a difficult place it is situated. Wonderful were the construction and heroic were the ideas of those people. I could not climb the hill. I did go to some height; further I could not.

Here in Sawai Madhopur I found good workers amongst the Seva Dal members. Very devoted work they were doing though they were working as labourers in the Cement Factory and its quarry

In train (Dehra Dun Express) was Dr. Keskar who was going to Kotah in order to proceed further to Gandhi Sagar Dam. He asked me whether I would like to go with him to see the Dam, if I had not seen it. I agreed provided there was no change in our programme at Kotah and said that I would decide after consulting Inamdar and other friends. I did consult them and took their permission to absent myself from all the programmes fixed for us. Inamdar stayed and I accompanied Dr. Keskar to Gandhi Sagar Dam which is about 103 miles from Kotah. Inamdar promised to inform Rajabhai Sayer by telegram through Editorial and speak to him next morning personally on phone about my arrival at Delhi by the Frontier Mail.

We first went to Kotah Barrage which is about 3 miles away from Kotah proper. Then we proceeded to Gandhi Sagar Dam on Chambal River. We reached the same at about 1 P.M. After lunch we were taken to the Dam site by the Chief Engineer and was shown everything. Here Chambal flows between two hills which are not far from each other. The depth of water here is very high — some like feet.

Mr. Nesvi and I went to the Railway Board Chairman's office for the son-in-law of Shri Vasudev Bhagwat of Bagalkot. At the same time the case of Shri Shivakar's younger brother about Pensions was taken up. We met Mr. Rajdan, the P.S. to the Rly Board Chairman who promised to look into the matter and inform us. However we have to be reminded about the work for which we have approached him.

P.T. for office in New Delhi

Sariska (Dist. Alwar) and New Delhi

MARCH 20 MONDAY 1961

The area of this Shooting Palace in Sariska is very vast. In jungles (which are preserved ones) are found wild animals such as panthers, tigers, bears, etc. The Raja built "Shooting Boxes" in old en days. Now these have become "Watch Towers". We went to see two of these Boxes in two different jungles — about two miles away from the Shooting Palace. The Palace itself is very beautiful. It was built in 1924. Today, however, before the camp was organised the palace lay vacant and no one looked after it. The scarcity of water, however is felt by all. Water for bathing and other purposes, is taken from two wells. But water for drinking is brought on trucks from Alwar, a distance of 22 miles. Each Trainee has to pay 3 Rupees for water alone.

Last night we saw a nicely staged Cultural Programme. Well organised it was. A nice show well managed. Mr. Sheelabhadra Yaji spoke for a while. This morning after 6.15 I went out to see as to what the trainees did in the morning at that hour. I walked for about an hour and saw the activities of all. They were all busy doing something — something means the allotted work. At 9 A.M. Demonstrations began. Good ones were there. Within five months they were able to coach up the trainees nicely. Good work was done by them. It was creditable to them. We were introduced by the General (Bhonsale). I too spoke. I also spoke for about 15 minutes in Hindi. Then we went to see some of the shooting Boxes and some of the Watch Towers. On that we had our lunch. After words we had talk with the Trainees, heart to heart talk. About 100 were summoned. S.V.K., General Bhonsale were there. At about 2.50 P.M. we left for Alwar enroute Delhi. At Alwar the N.D.S. was having a refreshers course Camp of about 129 Workers. We went there addressed them for about 10 minutes and left for Delhi. We reached Delhi at 6.20 P.M.

MARCH 19 SUNDAY 1961

Left New Delhi for Sariska where the National Discipline Scheme of having its first Central Training Camp 591 Trainees from 8 provinces were undergoing training. The provinces represented are: Maharashtra, Gujarat, M. Pradesh, Rajasthan, Punjab, Jammu & Kashmir, Bengal and Delhi. Out of these 129 are girls. Each trainee gets a pay of Rupees 10 5. Out of these he has to pay 44 Rupees for his Boarding and lodging and three (3) Rupees for pure drinking water. For his uniform etc and for additional food etc he has to pay from the remaining amount of 58 Rupees. The travelling expenses — to and fro of the trainee is paid by the N.C.C. The total strength of training according to Provinces is as detailed in the margin.

1. Maharashtra	133
2. Gujarat	59
3. Madhya Pradesh	92
4. Rajasthan	107
5. Delhi	7
6. Punjab	165
7. J. & Kashmir	7
8. West Bengal	8
9. U.P.	13
	591

For these the total number of Leaders are 30 (Permanent Staff) 11 attached from V.A. Of these 2 are I.N.A fame and — are from outside.

The total amount that is budgetted for this particular Camp is 4½ Lacs

The trainees are housed in the buildings connected with the Shooting palace of Alwar situated at Sariska Village, 22 miles away in a Jungle on the road to Jaipur which is — miles from the Sariska Shooting palace. The palace building is used for offices and officers and for guests, all kinds of indoor games. A building which was meant for the retinue of the Raja his stables and his garages (now converted into rooms) are used as living quarters of the trainees and as shops and Kitchen meant for the trainees. The rent for all these buildings is 1496 Rupees per month.

Today I had taken to Durgaben to meet Mrs. Durgabai Deshmukh for asking her not to misunderstand for (1) not to make arrangements for (2) not to make arrangements for (3) Begin work on Production (4) Give us the Project work (5) Give us the Project work in areas desired by the C.D.W.B. this year. I had also discussion with her on all these points.

MARCH 21 TUESDAY 1961

All of a Sudden my going today to Bombay was cancelled. This morning when I spoke to Kamarkar about the difficulty that had arisen in regard with the 35,000/Rupees grant made by his ministry he advised me to take it along with me and therefore to cancel my going this day. He promised to do everything himself and help me in securing a duplicate bill countersigned by the Officer concerned. So, I had to rush to Anandvan and ask him to wire to all places where I was to be met with Senadal Officers & Volunteers en route Bombay. At seven places including Bombay we had to wire. Then I went to the New Delhi Station and met Mama Deogirikar who was to be my companion in train today and requested him to speak to all those Volunteers whom he may see on Mathura, Bharatpur, Bayana Sawai Madhopur, Kotah, Ratlam & Bombay platforms that I would be travelling the next day and that they should see me then on the platform.

Left Delhi at 7.30 Am by Skymaster and reached Bombay at 11.30 Am. Krishna, Yamu Hardikar and Kabbinath with his son Ajit were waiting for me at the aerodrome.

I came here to attend meetings of the Servodaya organisers and intimated (some one) As was intimated in this meeting I had to come to this meeting or meetings so that I would be able to meet the organisers and get an idea of the work they were doing especially for the Rally in this province. We did meet this evening in the K Laxmidas Shala and discussed a number of things relating the organisation. The meeting (regular) was called at 8 A.M. next morning in the Congress office of the Bombay office of Servodaya and discussed the much progress in the Rally upto this had not even approached the Chief minister of Bombay to include Pandit's programme in the Rally.

Went to see Anna Thopinath off to Shimoga. Sent with Gopi letters to Vimal, Vaidya and Rangnekar.

Vishnupant Hardikar came. Spent sometime in relating the work he had done towards the development of the Volunteer movement in India.

Vasantrao Hemmandas arrived. He decided to go to Shantaprabha with me on the 4th and spend 3 to 4 hours at least in that area. He goes to study the raw materials which we are likely to get in the production centre that we are going to start when Narmada returns to Shantaprabha.

Bombay and Delhi

APRIL 4 TUESDAY 1961

Had been to the Chief Minister of Maharashtra, Shri Yashwantrao Chavan for requesting him to include a visit of the P.M. to second All-India Rally of Seva Dal Volunteers to be held at Bombay on the 13th 14th and 15th of May. He said he would speak to the P.M. on the 6th when he comes to Bombay enroute Delhi and will inform us about the time and date. We also asked him to see whether we can get the Race Course for the Rally. We want the Race Course, not only for the purpose of demonstration but also to accomodate the Volunteers who come to attend it. He said he would look into it. Then we went to Shri Kannamwar's about Project work. He asked Padmabehn Ramdas and Sushil Kelen to see him the same day at 2 P.M. in the Council Hall. We all did go there and met Shri Salam and Kannamwar. Both of them were very helpful. Barrister G.D. Patil came to us and said that the C.M. had told him about our going and meeting him for fixing the dates of the Rally. He seems to be very earnest and very active. I found him to be very sincere.

Today I did have a talk with all the workers who had assembled in Bombay. I was told by them that the Seva Dal did not make much progress during the last 12 years. I told them that mistake was ours. Our (we Dalits) provincial leaders & organisers and workers had no energy in them. They have no trust and initiative in them. Therefore the Dal makes no progress. This we must realise and act.

I.C.M.R's Governing Council meets this morning at 10 in the I.C.M.R building itself — Lunch at Dr. Pandit's residence. with some of the members of the I.C.M.R. The I.C.M.R. building is newly built and has cost them 5 lacks of Rupees: I was told that Rockefeller Foundation had given them 2½ lacs of Rupees for constructing this building. Cariappa announced that the papers sent by Doctor Vaidya were O.K. He had sent the number of forms of their types required by the Directorate of Health.

APRIL 7 FRIDAY 1961

Left Delhi by air at 7.30 A.M. and reached Bombay at 11.30 A.M. Indu Nerlekar was at the airport. It was a surprise for me to see her there. She had come alone. Good of her. Narmada came. Bhasker had come. Inamdar, Subba Rao and Sushil Babu came. We had a talk about the Rally and arrangements to be made about it in Bombay. We went to Bhanubhai's residence to meet him and request him to meet Yashwant Rao Chavan, the Chief Minister immediately & consult him about the Rally: "Whatever you & Yashwantrao decide together, we abide by it." We have to wait and see as to what happens. Have told Inamdar to write the result to me. On the station were Hormasji, his mother, Shirpad Shirvade and his family members. Maitreyi's mother came with the Radio which was to be given to her.

New Delhi — Met Dr. Lotta Hitkari Mamma

APRIL 6 THURSDAY 1961

Shri Amarnath Chawla and Shri Vishwanath Shah, Q.O.C. came as requested by me. Chawla gave me an idea of the work done during the by election of the Lok Sabha seat vacated by Mrs. Sucheta Kripalani in Delhi. He pointed out that the Congress was not in the good books of the Govt. Officers and to a certain extent the people also. He said Jan Sangh was nothing but R.S.S. which was slowly getting powerful and will become too heavy to be handled later.

I spent two hours with Cariappa this morning and saw all papers received by him from Dr. Vaidya the remaining day I got the message information from him about the trip of Doctor Vaidya to Canada.

Met Shri Bandodkar at Karmarkar's office. Now Bandodkar is the President of Zadag is the Societies in which I want to impose Hitkari. Along with Karmarkar told me that Dr. Lotta Hitkari Mamma had gone to this office of Karmarkar's residence. I requested him to find me her address and inform her about this noon. I wanted to meet her and inform her about Dr. Vaidya's trip to Canada. I got her address somehow and telephoned to her. I did so she herself and had a talk with her for about ½ an hour. She said she was not well, but she could do that little she can to help him when he arrives in Toronto. She was indeed glad to hear about the fellowship he had got in London.

Told Vimal that it was the world trade centre Holiday Home camp. This time with the help of Shanta and Jamna. Thought that that was the best method for the present. Also, I thought of teaching a lesson to those who worked for the institute. Unless responsibility is thrown over the young shoulders they won't learn. Therefore with this method I have hurtled out and who had grown up over-time and take away all work from them and hand over to new people. Now however now I see that is how I took decision to make Vimal learn the best method for the present was to throw the responsibility over the young shoulders and let them

APRIL 11 TUESDAY 1961

Left Ghalaprabha at 6.20 A.M. in a bus (S.T.) for Sankeshwar and then to Kolhapur in a different bus. Reached Kolhapur at 9.25 in the morning. It took 3 hours 5 mins to reach Kolhapur

Vimal was with me. I had taken her to see and observe the working of Balwadis in Kolhapur city. I was told that 4 Balwadis were functioning and all four should be seen. I wanted Gurpal to see them also. Of course Vimal was more concerned with it as she was running her own Balwadi in the Institution Canteen

APRIL 10 MONDAY 1961

I had a talk with Dwaraka today about her work. Once before I had a talk with her about her future. I was not satisfied with the work she was doing. I found her to be irregular in her work and thought that she was not at all satisfied with what she was doing in the Project Villages. She had written to me a number of times before about herself and about not getting the self satisfaction in the work she had undertaken. Was she doing her work methodically? Does she know the technique of work she had chosen for herself? Does she plan the work and think about it? I have begun to think about her capacity and ability. It seems that she does not apply her mind and more often is making her do so. Have we ever asked her to give us a report? Have we ever sat with her & discussed the subject with which ~~she was dealing~~ She was dealing. Possibly the mistake is ours in not giving her the proper guidance.

Today when I was talking when she remarked ~~that~~ "none has helped ~~me~~ in the work ~~I am~~ ~~doing~~" It pained me. Vatsala was sitting when this conversation was going on. I said to Dwaraka "It is too bad. I am sorry to hear these remarks of yours. Has not Vatsala helped you? Was not Dr. Vaidya helped you and given you wrong ideas? Then why do you say that "no one has helped you". I wanted her to tell the right thing that is about the work she intends to do and take our help in it. It was for her to decide. She said she wants to go for full nursing course and in the meantime work in villages as Dr. Hilda Manora had suggested. I said "Yes! go ahead and do it." Not a strong willed girl.

APRIL 18 TUESDAY 1961

This morning I was told about Iyer's decision ~~to~~ for breaking up of Delhi establishment and going to Ceylon. Iyer wanted to know about the future plan; whether to take Raja now or after. Raja too was anxious to know everything about the plan: also about herself. She said she did not know any thing yet and both of them were waiting for my arrival. They greeted me. I had to say that Raja should be taken by Iyer now along with him to Colombo and not left behind. She may stay for a few days at Bangalore enroute to Colombo but under no circumstances she should be left in Bangalore for more than necessary time. I told Iyer that she should not occupy one room only in the house hired for themselves and rent the rest to others and stay there. It would be too awkward for her. Iyer agreed. It is said that until he gets a Bungalow in Colombo he should not take her as she would be left alone at the place of residence & she would ~~be feeling worried about~~ feel lonely. Therefore, he planned to take her to Colombo as early as it was possible for him to do.

Had been to the office of I.C.C.W. and had a talk with Paul Chaudhari about the Training they are proposing to give to Bal Sevikas. He said that they are not yet thinking about it and after sometime they will be in a position to say just exactly what they intend to do. At the present moment they have decided to have only two Centres - one in the north and one in the South. The one in the north shall be in Delhi. I have said that I would like to have the one in the South at Ghataprabha. Let us see what happens

In the evening came to Gramsevak Niwas Sri Iswaran and Mr. P.A. Kulkarni. Kaishnan spoke to me about the sanction of ₹ 000 Rupees for the Holiday Home Camp at Ghataprabha and told me what to do next. Manjadkar's birth day was celebrated this morning evening in the C.P.W.D. Quarters on Mahadeo Road. Maithili Sharan presided. Dinkar Gokak, Sriman Narayan, and others spoke. The Hall where this meeting was held was not full nor was the arrangement good. Because there were other functions in the city being held at the same time, less number of people attended this meeting. Noticable feature was that Maharashtrians were practically not to be seen except a few. None took part in the function. Such a dramatic as mama, such a popular figure outside should not be cared for by the Maharashtrians in Delhi was indeed hard. I felt it. With me was Inamdar. We had gone together.

Iyers leave Delhi 1961

Iyers left this morning at 6.15 by air for Bangalore enroute Colombo. I am indeed glad he accepted this service and went to Colombo. In it lay his future and his future rise. He is destined to shine in India as one of the efficient servants of the Central Government and his services would be lent to other Governments even in future just as is done now.

We had all gone to the aerodrome to give him a send off. Even on the aerodrome, as we were all standing, before going to embark he touched my feet as he always does & has been doing. Somehow this system of touching the feet must be stopped and I must tell Iyer that he should stop that practice henceforward. I know it is emotion and it comes from the bottom of one's heart. It could not be stopped so quickly by those who are accustomed to do it.

Quietly this evening took Karmarkar to see unmarried girls in Faculty where some time ago Colombo Plan experts were staying. Colombo Plan stopped giving fellowships to foreigners for all sorts of reasons what a wonderful mentality? Why should not our finance take advantage of such schemes and push them on our own cause? That is our question?

At last an association of five years with a house where I lived and people who served me had to be gotten rid of as Ayers went in service to Ceylon.

Each of those five boys ① the Driver Govind. ② Krishnan - a domestic servant an expert technician ③ a mali - Raghu, ④ Arun the cook and ⑤ his assistant dish washer - all had served me and Gopi well. I had to thank them all. Each one of them is being given Rupees Ten for the services rendered by them.

On the 6th Gopi gave 60/ out of 200/ given to Ayer. Today I have asked Gopi to give ten each to the four servants. So only 90/- remain with Gopi. I have asked him to use this amount towards the expenses of ten days - from the 1st to the 10th of this month

Ordered Ambekar to wire to Hubli enquiring him to go to Hubli by Gupchup via Shakuntala with consent. Was reported

The Deputy Minister Home, Bangalore came this morning with his family. Hon. Basavalingappa was very very enthusiastic. He had a free and frank talk with me for about 40 minutes. I wanted him to make himself feel at home. And he actually was like that. He spoke to me about Mysore politics. Which he said was getting Obnoxious. He himself was anxious to take part in the coming elections and desired guidance.

Mr. R.A. Narmada, Managing Director, Mysore State Warehousing Corporation, Bangalore also came and went with him to Nipani

Mr. Tekur Subramanyam arrived this day as ordered by Hubli Poona Passenger. He was taken round and every thing was shown to him. Then he paid a visit to Holiday Home & attended the discussion that was going on with the interest.

likely to be the cause of her downfall later. Is she developing an ego in her? What change is coming over her? Good or bad? I am beginning to worry about her future. —— I made to ask her to remove all ornaments from her body and go as simple as she could to Bijapur. Except earrings in her head she gave all ornaments and cleared. I am trying to bring simplicity in her and hope she would learn it. She is a good practical worker. But knows very little of organisational work. I want her to be an Organiser and a good Social Worker.

MAY 21 SUNDAY 1961

Today all of a sudden at about 7 A.M. I got a telephone call from Hubli. It was the P.M.G. of Mysore on the phone. He wanted me to be on the phone immediately as they wanted me to go to Hubli immediately on official Telegraph business. I was not prepared for this programme as I was to go to Hubli that very afternoon and the next day also I was to be at Belgaum. I told the P.M.G. that next day (22nd) B.N. Dalal, Home Minister of the Govt of India was to arrive at Belgaum for a day & I was to be present at the Institutes Campus. H.S. Rao who also was with me on phone also said that they didn't want me to go at such an odd hour. So, the proposal was withdrawn.

Took a meeting at night 10.15-12 to plan the future of the Holiday Home. The programme of the last days was to be shaped. Four of us - R.S. Joshi, Dr. Kulkarni, Vimala and myself - had a short discussion and a decision was taken.

Mahila mandal workers from the Project areas had assembled this P.M. at the Institutes library. It may be said that this is the first time that they have come to the Campus after K-H-I took charge of all the Project Centres. For a few minutes I addressed them. Dr. Vimala and Vatsala conducted the meeting.

Received at the Station by Dal and Congress workers. Mr. Ghalaji also was there. I am now (6·10 P.M.) sitting in the Academy building which was built in 1927-1928 by us Seva Dal workers of those days. The meeting for which I have now come and which is being addressed here is to plan the future of Seva Dal in Mysore. District organisers from the States have come and they are going to deliberate over the problems facing the Dal organisation in the province. The districts represented were: 1. Dharwar, 2 Bijapur, 3 Kanara, 4 Kadur, Mysore 6 Gulburga 7 Mandya, 8 Bangalore. A number of Congress workers from Bagalkot proper and Bijapur had come. Old workers of Hindustani Seva Dal who were responsible to build that organisation at the beginning had also come. It was a good gathering of workers. Officers of D.C.C and T.C.C were also present. Mr. B.T. Murnal, M.L.A. was there. I had a talk with him. He said he would like to work for the Seva Dal and make the Academy active. He was anxious to get all India workers of Seva Dal to Bagalkot and make the city a centre for Dal training. A good idea indeed. I liked the way in which he placed his ideas before me. I asked him about the accident he met with in which he lost one leg. While describing it he said "At any cost I must survive" was the uppermost thought in his mind at that time and therefore he did everything that could keep him alive. When I heard his resolve, I was amused at it immediately I asked him "For what. Why did you aspire to live? What would you do by living? What had you in mind? Please do let me know!" 'It will now, I said 'Write to me to Ghataprabha and let me know'

Had been to Mr. Morarji Bhai this morning. I have requested him for foreign exchange for Dr. Vaidya. He said he won't give me money, but he said he would have no objection if he gets any money there by working in any medical institution or if any one gives him money. He should write to him a letter from Candida and say what he wants and how he can get it. He will help him.

Had been to Planning Commission and met Dr. Khosla also. Incidentally met Mr. T. N. Singh also. I have explained to Dr. Khosla about the pure water supply scheme of Ghatprabha and have requested him to consider the whole thing to help us to get water. He has asked me to write to the Deputy Government again to request them to do the needful. Dhulpal Village in the scheme. Then only the problem of two villages will be solved and it would be easy to sanction the scheme.

Had been to the Canadian Trade Commissioner's office in Gresham building. After having secured the names of all the doctors who are supposed to examine Dr. Vaidya we went to Dr. Dalkhash in Bricky Road hospital. But before going to the said Hospital Dr. Vaidya met Dr. Gandé in the Bombay Hospital and took a note from him to ~~Dr~~ Dr. Dalkhash. In the afternoon we went to a German Doctor by name Kroa for the X Ray examination of Doctor Vaidya. It is the same man who had treated me for exema in 1936 or 1937. It was he who recollected it and told Dr. Vaidya about it. Later, he saw me and had a talk for a few minutes.

Went to Shanta's (Anna's daughter) residence in the evening. But she was not there. Saw the house locked, at night Shanta telephoned me.

AUGUST 27 SUNDAY 1961

Had been to the Santa Cruz aerodrome to find out whether or not we could get seats in the Belgaum, Cochin Plane. If we had secured we, both Dr. Vaidya and myself wanted to fly to Belgaum and go to Ghatapraba immediately with the intention of attending the cremation of Dr. Rao's Dead body. But there were no seats available. So, I alone left by the 1st Express from Dadar station. Before going to the station we went to Mr. Upadhyay's residence in Dadar and took him along with us to the Dadar station.
Dr. Vaidya had to stay behind at Bombay as he had to get his medical examination completed the next day.
I reached Ghatapratha at night 10.40. Dr. Balankhe, Vimal and Narmada were on the Station. From the same train came Mrs. Rao's two brothers from Bombay.
We all went to Dr. Rao's residence first. The body of Dr. Rao was cremated at 5 P.M. Met members of the family who had come from Bangalore and Bombay. How to console the wife of Rao? It was a difficult task.
Dr. Balankhe and I sat at night for a long time and spoke about the sad death of Dr. Rao.
Indeed a loss to the Institute. Though the man of was not A1 from any point of view, he was indeed Valuable to the Institute.

When Vimal and I were talking about her work in the schools she suggested that I should see whether Vanutai Gokhale would work in the library instead of quietly sitting in the Primary School now. "Being a graduate" she said "she should be able to do that work. And I think" Vimal continued "as she will be able to do that work if she is handled properly please ask her if yourself" I liked the idea and promised to speak to her.

Had been to the cremation ground this morning to meet the persons who were collecting ashes of Rao. Spent some time with them. Rao's family left Ghatprabha today. Some went to Bangalore and others

Rehearsal at night. Hanumanthayya, Dr. Naish & Dr. Ranganath had come to the theatre. None it seems has gone through entire script of the drama. ~~many portions were of the script unpleasant to have for the place~~ Some of the speeches ought not to have been there. For instance the criticism against the Vaidyas was not at all proper. The love scenes and the dances should have been deleted. Unnecessary portions ought to have been cut. But as none of the organisers had seen the entire enactment, anything that had found a place in the script. It was too late to trim it and make the drama a short one. However Dr. Naish was requested to help trim it.

Visited "Annodaya" near Kengeri – Partha took us there. This is the 3rd time I came to this place. During one year Dr. Partha has done good work at this place. He has 8½ acres of land and all told, he says, he has spent about sixty thousand Rupees so far. Out of this he has received only 12 thousand Rupees from the Gandhi Smarak Nidhi as rent for two years — 500 — per month. It is supported by the Leprosy Research Centre.

Drama ~~7½ to 12½~~ – 250 persons – was staged in the Town Hall under the presidentship of the Maharaja of Mysore. Pattabhi was present and the inauguration was performed by the Maharaja. Mr. K.F. Patil, Home Minister of the Bharat Sevak Samaj was present. Mr. Gatti, General Secretary of the Bharat Sevak Samaj was present. Shri Kittappa of the Union Territories was present. Shri Veeranna Gowda and Shri Nanjappa of the Union Territories also were present. The Maharaja was present for a few minutes only; but the drama was staged in the presence of Kumari Padmini Devi, daughter of the Maharaja of Mysore. Mr. Gatti and others from Mangalore took part in the drama. Mr. Rodrigues and Siddalingaya from Madras – a Tamil actor – also acted on the stage. A number of B.S.S. Dal Volunteers took part. Dr. Nalesh and Dr. Ramanath were very helpful.

Gangutai got down at Dadar. Vasant had come to the Station to take her. I reached V.T. & drove to Kashinath's with Bhanukumar Nayak.

Am not feeling well. Something wrong. Cough is troubling. Cold is bothering. Feel feverish — but no fever. Body aches.

Anyway decided to go to Matunga to see Gangutai and others there. Went. Bhanu was there. Arvind too.

It was difficult to climb the steps. To go to the Fourth Story is difficult. Had to take rest on each story. Stayed with the family for two hours and returned.
